# Letters from our Superintendent

APU has been providing American quality education here in Vietnam for sixteen years. When I returned to Vietnam many years ago, I saw, in the eyes of many young people that I encountered from all regions of our country, that they were longing for a good, and a quality education.

Since 2004, APU has and will continue our tradition of providing a strong foundation of academic excellence, for our students, which ensures their academic success. A large number of our graduates have gone on to prestigious, and outstanding United States universities, for undergraduate and graduate degrees. Many APU Alumni have graduated near the top of their university classes.

APU International School is currently located in District 11, in HCMC. In 2015, we opened a second school in Da Nang, namely APU American International School. It also shares a campus with The American University in Vietnam, or AUV, which is partnered with a number of outstanding universities in the United States, such as Arizona State University, The University of Missouri, Kansas City, and Virginia Commonwealth University. Students at APU may also take Dual Enrollment Classes, here, and receive academic credits at a university in the United States. These classes are taught by instructors who are approved by the faculty of various academic departments, within these universities.

Our teachers, many of whom have graduate degrees from prestigious universities in the United States, such as Johns Hopkins University, Columbia University, Tulane University, and many other schools of higher learning. APU's teachers are highly qualified. They instill in their students, not only academic knowledge, but creativity, critical thinking, civic, and personal responsibility. Our teachers, many of whom have also earned a teacher's license

through universities in the United States, devote their efforts, each day, to the intellectual, social, and character development of their students.

It is very gratifying to see that almost every year, the majority of APU graduates receiving generous scholarships from top U.S. universities. APU students have a world-wide reputation for their outstanding academic achievements in their universities, abroad. Approximately 85% of APU graduates have earned places on the Dean's List of their respective universities around the world. A majority of APU graduates, upon completing their undergraduate, or graduate studies, have been offered employment with large, multinational companies. This was based on their search results showing that APU's Alumni have outstanding academic records, have formed an impeccable character, along with a strong work ethic, which was instilled in them from their earliest school days at APU.

APU's success is due to our dedicated teachers, parents, administrators, and staff, working together, in supporting our students. APU's enrollment is increasing, and we continue welcoming new students from many nations such as South Korea, the Philippines, Taiwan, Japan, the United States, and Australia. APU Elementary School students continue making excellent progress. We are also very proud of their accomplishments. Our students are the leaders of tomorrow, as professionals in the global economy. We are remaining loyal to our original academic mission of maintaining excellence in teaching and learning.

In closing, please enjoy and cherish this yearbook as each page holds the special memories of the 2020 - 2021 school year.

**Dr. Binh Thy Nguyen Tran**  
*Superintendent*

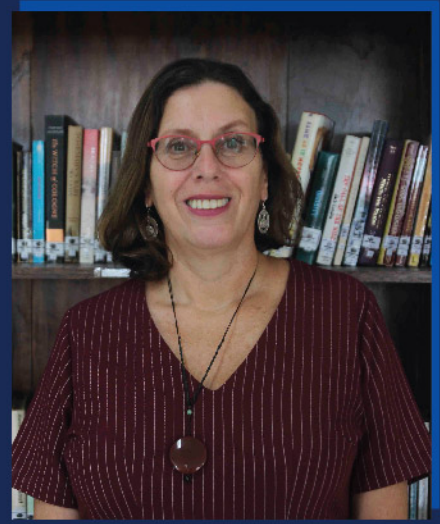

A handwritten signature in black ink, appearing to read 'Binh Thy', is written over a solid horizontal line.

# Principal's messages

*APU American International School Danang*

Dear Students,

A yearbook is like a safe wherein you keep all of your valuable possessions. I hope that your time learning with teachers, collaborating on projects with your classmates, having fun with friends in activities, and working diligently on your academics are all treasured memories. Enjoy this yearbook and keep it safe to remember your time here at APU.

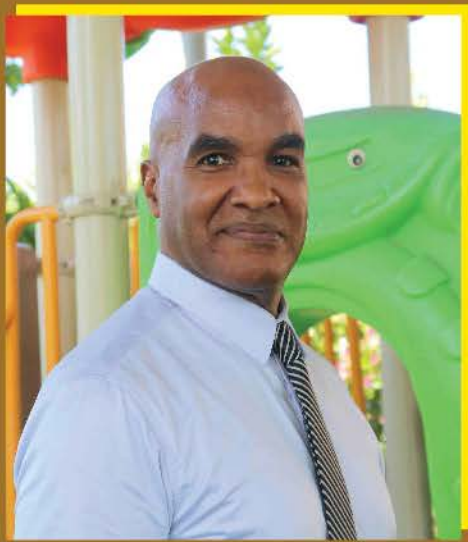

The school year of 2020-2021 was one where students showed commendable leadership. Nearly every week our students led and were engaged in a variety of competitions and activities, such as Halloween parties, trash fashion, live chess games, yoga challenges, school plays, scavenger hunts, football and basketball tournaments, and talent competitions. The teachers, our House leaders, ASA facilitators, coaches, our marketing team, and all of the staff have gone above and beyond to support our students, and their only motivation was to make the students' time at school special. School spirit has soared this year, making the campus more lively than ever before.

Our students have faced more difficult academic coursework and increasingly difficult academic exams this past school year. They have also completed a host of, research, art, and musical projects in a second language, a feat of which they should be very proud. Less than half the people in the world speak two languages, and most of them are not required to complete school work in their secondary language. Please remember to thank your teachers who have been committed to your success, planned carefully, and worked for you continually throughout the school year.

I would like to give a special shout-out to our seniors. Congratulations on graduating high school and taking your first real step towards adulthood. Your graduation has come in a very exciting time in our world's history. This past year has seen monumental changes around the world, providing new and exciting opportunities. I hope you will use your time here at APU to help make the world a better, cleaner, and safer place, and that you find a way to contribute towards these efforts by following your passions, thinking about the world creatively, being innovative, and finding your purpose in life. I hope you have learned several lessons from this year. Actively engage in activities you care about, lead when you can, challenge yourself, and be successful in your endeavors. I wish you the best of luck in your future, and hope that someday you will come back to APU to visit everyone who has cared about you and nurtured your development.

I would like to thank those who made this yearbook happen. Thank you for preserving our shared memories and helping us to reflect on an exciting year.

# Principal's messages

**Mr. Mark E. Robertson, M.Ed**

*Principal.*

*APU Early Childhood & Elementary School*

I was living in Jakarta, Indonesia as the Covid-19 pandemic deepened around the world my intuition and perspective told me that the best and safest place for my family would be Vietnam. Therefore, on March 16, 2020, I boarded them on a flight from Jakarta to Ho Chi Minh City and delivered my family deep in the Mekong Delta to Dong Thap and the Grandparents house. Relying on my intuition and perspective proved to be a decisive move and the right decision. Throughout my life I have been one who follows my intuition and as I have gained more experience my perspective coupled with my intuition has allowed me to be clearer when it comes to decisive decision making.

Intuition allows us to see with our hearts and souls. It allows us to look beyond our reason and logic and search and find a truth that is more powerful than how we might initially understand ourselves. By giving permission to follow our intuition we can find great benefits in life.

Perspective allows us to use our collective knowledge and reflect back on our past challenges and successes. Using that knowledge in the right way serves to give us wisdom. Through the use of our wisdom we are able to make use of past experiences in the present, allowing us to be more decisive and more successful in our decision making.

In times of stress and major decision making it is important to rely on our intuition and perspective. Combining heart, soul and mind can lead to powerful, successful results with clear thinking. In this age of Covid-19 intuition and perspective will help us make decisions that allow us to be safe, successful and healthy.

This is the message I give to the APU Class of 2021. In life, you will be faced with major decisions and in those instances take a moment to check out your intuition and reflect back to get your perspective. Then step out on faith and understand that you will make the best decision for you and your future.

You will realize just like I did on March 16, 2020 that intuition and perspective can be utilized to make wise powerful decisions. Looking back, I was right, because Vietnam has been the best and safest place for my family. To the class of 2021, trust your intuition and perspective, stay strong, be healthy and go in peace.

# MS/HS Leadership's messages

## **Deborah Radel**

*Middle School & High School Leadership  
APU American International School Danang*

A very warm welcome to each and every one of you. Distinguished Principal, respected staff, parents, and my dear students: welcome back to APU 2020-2021 school year. At last, this beautiful day has arrived. I am sure you all have been eagerly waiting for this day.

This year has brought us an unexpected change in the way we live our lives, carry on our relationships, share our conversations and yes, the way we attend our school. The APU leadership team has spent the past two months preparing to deliver the best online programs and in school teaching programs available in Da Nang, Viet Nam.

We gathered and aligned teaching programs to best support academic learning and language acquisition for every APU student.

We have focused our last two months on developing and researching the best activity centered online, learning practices, based on "state of the art" standards from California, USA. We added monitors to each lesson to help students engage and participate and to help teachers provide consistent standards for each lesson.

But best of all, we have added an amazing communication tool so where you can follow your students' progress with a simple log in that let you see everything your student is doing.

As Leadership for Middle school and High School I welcome your inquiries, please feel free to contact me. I would welcome getting to know all of the APU parents and students.

# Student Council

of APU Early Childhood and Elementary School!

**Trần Lê Huy Khôi - James**  
President

**Bazso' Lara Kamilla**  
Vice President

**Phạm Huyền Khanh - Jennifer**  
Treasurer

**Đỗ Thị Ngọc Minh - Emma**  
Secretary

**Phan Ngọc Thiên An - Annie**  
Minister of Information

With the attitude of future leaders, APU's student candidates promise to bring beneficial activities to APU Early Childhood and Elementary School. Although the candidates are young, their determination is akin to their high school seniors

They said: "We will help our classmates to express their own wishes and create more fun activities."

The Student Council is a group that dedicates itself to order, aspirations, and the dignity of our students. All of us are achieving students, taking this duty to ensure that every student in our school can get the best experience studying at APU. Each year, the Student Council have consistently created many events for our students to enjoy, listened to our student's needs, and we're sure that we won't stop next year or the year after. As this year's Student Council, we would like to thank you dearly for walking along with us throughout all the hardship and fun memories of 2020-2021. Lastly, we hope that you continue to be supportive of all the Student Councils to come just as you were with us, and once again, thank you all so much, and goodbye!

# Houses

“

## RED, BLUE, GREEN AND YELLOW – IT'S APU HOUSE!

Do you know that our APU students are assigned to different subunits called Houses (Green, Yellow, Red, and Blue) to compete fairly during their club and extracurricular time? Each week, the school offers diverse extracurricular activities and competitions such as sports, yoga, knowledge tests, and fashion shows, etc. for each House to compete with one another. Through these extracurricular activities, each House strengthens their teamwork and earn valuable points to be the winner of this school year. Let's wait and see which House will win this year's race!

”

# Field Trip

“Educational Field Trip plays a vital role in the APU curriculum, which serves a wide range of benefits in several ways, including learning and teaching.”

# Middle Autumn

# Halloween

The spirit of Halloween was back with a bang as APU school was adorned with tons of enchanting yet creepy decorations! The Student Council students were dressed as "freaky" characters and organized spooktacular activities for this year's event!

# Happy Hallo

ween 2020

# TEACHER'S DAY

Flower bouquets, special badges, sweet and snacks, what's not to love about the Vietnamese Teacher's Day at APU?

APU wishes our dedicated teachers good health and lasting enthusiasm to continue to be the guiding light and inspire students to be better human beings.

# Thanks Giving

# FASHION SHOW

WHEN RECYCLING IS THE FASHION THEME!

Our students organized a recycled runway of fashion designs, embodying an eclectic assortment of styles by creating stylish designs from an array of recycled materials. The runway showcased our APU soon-to-be designers' work, with more than 16 one-of-a-kind looks featured throughout the event.

# ELEMENTARY SCHOOL'S *Christmas*

Our elementary students celebrated the upcoming holidays with a Christmas Show. As the Christmas holiday is an exceptional event at a multicultural school like APU, the children were very excited to sing & dance their favorite Christmas songs to celebrate this festive season. Our students heated the atmosphere with their confident performances in front of parents and teachers.

# APU'S GOT TALENT

The APU Christmas Event was the perfect way to end the year. Our talented students performed in the final show of their APU's Got Talent journey. APU Eagles took over the big stage to showcase their uplifting performances impressing their peers and judges. Everyone was thoroughly entertained by the fantastic & diverse performances.

# Tet fair

APU students and teachers have been celebrating Tet in a joyful, exciting atmosphere through diverse activities: making traditional cake, traditional Ao Dai costumes, and not to forget dance performances that really rocked our campuses.

# BASKETBALL AND FOOTBALL TOURNAMENT

APU American International School Danang has joined the Danang city's Phu Dong Sports Festival 2020-2021.

Our players offered an exciting, dramatic, and beautiful match, demonstrating a high competition level, coupled with sportsmanship and a strong team mentality.

# SPORT DAY

Sports Day is an annual sports playground for APU-ers to encourage students to practice fitness, sport and lead a healthy lifestyle.

# Charity

One of the activities that many APU American International School students expect and respond enthusiastically is participating in charity trips every year. They believe that their own actions can be small, but have contributed positively to the message of life: connecting the community and spreading love.

Thank you to all the students and parents who participated, supported and organized such a great cause.
